# Privacy Collection Notice

Information for students, parents and carers

The Department of Education (the department) values your privacy and is committed to protecting the personal and health information that schools collect.

All school staff must comply with Victorian privacy law and the [Schools' Privacy Policy](#). This notice explains how the department, including Victorian government schools (schools), handles personal and health information. On occasion, specific consent will be sought for the collection and use of information, for example, for a student to receive a health service. Our schools are also required by legislation, such as the *Education and Training Reform Act 2006*, to collect some of this information.

Throughout this notice, 'staff' includes principals, teachers, student support service officers, youth workers, social workers, nurses and any other allied health practitioners, and all other employees, contractors, volunteers and service providers of the school and the department.

On enrolment, and during the ordinary course of a student's attendance at a school, schools will collect information about students and their families for the following purposes:

- educating students
- supporting students' social and emotional wellbeing, and health
- fulfilling legal obligations, including duty of care, anti-discrimination law and occupational health and safety law
- communicating and engaging with parents
- student administration
- school management
- supporting policy in relation to student education and wellbeing.

If this information is not collected, schools may be unable to provide optimal education or support to students or fulfil legal obligations.

For example, our schools rely on parents to provide **health information** about any medical condition or disability that their child has, medication their child may take while at school, any known allergies and contact details of their child's doctor. If parents do not provide all relevant health information, this may put their child's health at risk.

Our schools also require current, relevant information about all **parents and carers** so that schools can take account of safety concerns that affect their children. Parents should provide schools with copies of all current parenting plans and court orders about or that affect their children and provide updated copies when they change.

When parents enrol their child in primary school, they will be asked to provide personal and health information in several ways, including via the Enrolment Form, the [School Entrance Health Questionnaire](#) (SEHQ) and in some cases, the [Early Childhood Intervention Service](#) (ECIS).

The **Enrolment Form** is used to collect information that is essential for the purposes listed above, and requests information such as:

- **Emergency contacts** – Individuals parents nominate for a school to contact during an emergency. Parents should ensure that their nominated emergency contact agrees to their contact details being

provided to the school and that they understand their details may be disclosed by the department if lawful, e.g. in the case of emergency communications relating to bush fires or floods.

- **Student background information** – Information about country of birth, Aboriginal or Torres Strait Islander origin, language spoken at home and parent occupation. This information enables the department to allocate appropriate resources to schools. The department also uses this information to plan for future educational needs in Victoria and shares some information with the Commonwealth government to monitor, plan and allocate resources.
- **Immunisation status** – This assists schools to manage health risks and legal obligations. The department may also provide this information to the Department of Health and Department of Families, Fairness and Housing to assess immunisation rates in Victoria, but not in a way which identifies students.
- **Visa status** – This is required to process a student's enrolment.

All schools may use departmental systems and online tools such as apps and other software to effectively collect and manage information about students and families for the purposes listed above.

When schools use these online tools, they take steps to ensure that student information is secure. If parents or carers have any concerns about the use of these online tools, please contact the school.

School staff will only share student and family information with other school staff who need to know to enable them to educate or support the student as described above. Information will only be shared outside the school (and outside the department) as required or authorised by law, including where sharing is required to meet duty of care, anti-discrimination, occupational health and safety, and child wellbeing and safety obligations. The information collected will not be disclosed beyond the school and department without parent consent unless such disclosure is lawful.

When a student transfers to another school (including Catholic, independent and interstate), personal and/or health information about that student may be transferred to the next school. Transferring this information is in the best interests of the student and assists the next school to provide the best possible education and support to the student. For further detail about how and what level of information is provided to the next school, refer to the: [Enrolment: Student transfers between schools](#)

Schools only provide school reports and ordinary school communications to students, parents, carers or others who have a legal right to that information. Requests for access to other student information or by others must be made by lodging a [Freedom of Information](#) (FOI) application.

To update student or family information, parents should contact their school.

For more information about how schools and the department collect and manage personal and health information, or how to access personal and health information held by a school about you or your child, refer to the: [Schools' Privacy Policy](#)

## Why immunise?

Children starting school are exposed to a large number of people and to a range of potentially dangerous diseases.

Immunisation is a proven and safe way to be protected against diseases that may cause serious illness and sometimes death.

Enrolling in primary school is a good time to check your child's immunisations are up to date.

## What is an *Immunisation History Statement*?

It is a statement from the Australian Immunisation Register (AIR) that shows what vaccines your child has received.

By law, you must provide an *Immunisation History Statement* to the primary school when enrolling your child for the first time or when going to a new primary school.

If your child has not received any immunisations, you must still provide an *Immunisation History Statement*, which states no vaccines have been given.

## What is the statement used for?

To keep children safe. In the event of a disease outbreak, unimmunised children can be quickly identified and excluded from school until the risk of infection has passed. For further information search 'school exclusion table' on [www.health.vic.gov.au](http://www.health.vic.gov.au)

If you do not provide an *Immunisation History Statement* to the school, your child may be excluded from school during a disease outbreak because their immunisation status will be unknown.

By law, all parents must provide an *Immunisation History Statement* to enrol their child in primary school.

## How do I obtain an *Immunisation History Statement*?

The quickest way to get your child's statement is by using your Medicare online account through myGov or Express Plus Medicare mobile app.

You can also visit your local Medicare service centre or request for your child's statement to be posted to you by calling the AIR enquiries line on 1800 653 809. It can take 14 days to get your statement in the post.

If you think your child's *Immunisation History Statement* is incomplete or incorrect, contact your immunisation provider.

## Consent Form to Conduct Head Lice Inspections

Permission to cover the duration of the student's schooling at: Lake Bolac College

Throughout your child's schooling, the school will be arranging head lice inspections of students.

The management of head lice infection works best when all children are involved in our screening program.

The school is aware that this can be a sensitive issue and is committed to maintaining student confidentiality and avoiding stigmatisation.

The inspections of students will be conducted by a trained person approved by the principal and school council.

Before any inspections are conducted the person conducting the inspections will explain to all students what is being done and why and it will be emphasised to students that the presence of head lice in their hair does not mean that their hair is less clean or well kept than anyone else's. It will also be pointed out that head lice can be itchy and annoying and if you know you have got them, you can do something about it.

The person conducting the inspections will check through each student's hair to see if any lice or eggs are present.

Person's authorised by the school principal may also visually check your child's hair for the presence of head lice, when it is suspected that head lice may be present. They do not physically touch the child's head during a visual check.

In cases where head lice are found, the person inspecting the student will inform the student's teacher and the principal. The school will make appropriate contact with the parents/guardians/carers.

Please note that health regulations requires that where a child has head lice, that child should not return to school until appropriate treatment has commenced. The school may request the completion of an 'action taken form', which requires parents/guardians/carers to nominate if and when the treatment has started.

Any Student Health Support Plan will be developed in accordance with Lake Bolac College's Healthcare Needs Policy.

5. If a student diagnosed with asthma is going to attend a school camp or excursion, Lake Bolac College parents/carers are required to provide any updated medical information.
6. If a student's asthma condition or treatment requirements change, parent/carers must notify the school and provide an updated Asthma Action.
7. School staff will work with parents/carers to review Asthma Action Plans (and Student Health Support Plans) once a year.

### Student asthma kit

All students diagnosed with asthma are required to have a student asthma kit at school which contains:

- > their own prescribed reliever medication labelled with the student's name
- > their spacer (if they use one)

Students will be required to keep their asthma kits with them while at school.

- you have no night-time wheezing, coughing or chest tightness
- you only occasionally have wheezing, coughing or chest tightness during the day
- you need reliever medication only occasionally or before exercise
- you can do your usual activities without getting asthma symptoms

### WHEN NOT WELL

#### THIS MEANS ANY ONE OF THESE:

- you need to use your reliever again within 3 hours

**THIS IS A SEVERE ASTHMA ATTACK (SEVERE FLARE-UP)**

### DANGER SIGNS

#### THIS MEANS:

- your symptoms get worse very quickly
- you have severe shortness of breath, can't speak comfortably or lips look blue
- you get little or no relief from your reliever inhaler

**CALL AN AMBULANCE IMMEDIATELY: DIAL 000  
SAY THIS IS AN ASTHMA EMERGENCY**

**DIAL 000 FOR  
AMBULANCE**

### ASTHMA MEDICINES

#### PREVENTERS

Your preventer medicine reduces inflammation, swelling and mucus in the airways of your lungs. Preventers need to be taken **every day**, even when you are well.

Some preventer inhalers contain 2 medicines to help control your asthma (combination inhalers).

#### RELIEVERS

Your reliever medicine works quickly to make breathing easier by making the airways wider.

**Always carry your reliever with you** – it is essential for first aid. Do not use your preventer inhaler for quick relief of asthma symptoms unless your doctor has told you to do this.

## Anaphylaxis

All students at Lake Bolac College who are diagnosed by a medical practitioner as being at risk of suffering from an anaphylactic reaction must have an Individual Anaphylaxis Management Plan. When notified of an anaphylaxis diagnosis, the principal of Lake Bolac College is responsible for developing a plan in consultation with the student's parents/carers.

Where necessary, an Individual Anaphylaxis Management Plan will be in place as soon as practicable after a student enrolls at Lake Bolac College and where possible, before the student's first day.

Parents and carers must:

- > obtain an ASCIA Action Plan for Anaphylaxis from the student's medical practitioner and provide a copy to the school as soon as practicable
- > immediately inform the school in writing if there is a relevant change in the student's medical condition and obtain an updated ASCIA Action Plan for Anaphylaxis
- > provide an up-to-date photo of the student for the ASCIA Action Plan for Anaphylaxis when that Plan is provided to the school and each time it is reviewed
- > provide the school with a current adrenaline autoinjector for the student that has not expired;
- > participate in annual reviews of the student's Plan.

Each student's Individual Anaphylaxis Management Plan must include:

- > information about the student's medical condition that relates to allergies and the potential for anaphylactic reaction, including the type of allergies the student has
- > information about the signs or symptoms the student might exhibit in the event of an allergic reaction based on a written diagnosis from a medical practitioner
- > strategies to minimise the risk of exposure to known allergens while the student is under the care or supervision of school staff, including in the school yard, at camps and excursions, or at special events conducted, organised or attended by the school
- > the name of the person(s) responsible for implementing the risk minimisation strategies, which have been identified in the Plan
- > information about where the student's medication will be stored
- > the student's emergency contact details
- > an up-to-date ASCIA Action Plan for Anaphylaxis completed by the student's medical practitioner.

### Review and updates to Individual Anaphylaxis Plans

A student's Individual Anaphylaxis Plan will be reviewed and updated on an annual basis in consultation with the student's parents/carers. The plan will also be reviewed and, where necessary, updated in the following circumstances:

- > as soon as practicable after the student has an anaphylactic reaction at school
- > if the student's medical condition, insofar as it relates to allergy and the potential for anaphylactic reaction, changes
- > when the student is participating in an off-site activity, including camps and excursions, or at special events including fetes and concerts.

Our school may also consider updating a student's Individual Anaphylaxis Management Plan if there is an identified and significant increase in the student's potential risk of exposure to allergens at school.

### Location of plans and adrenaline autoinjectors

A copy of each student's Individual Anaphylaxis Management Plan will be stored with their ASCIA Action Plan for Anaphylaxis at the Office. Whilst some students keep their adrenaline autoinjector on their person, medication for those that do not will be stored and labelled with their name at the Office, together with adrenaline autoinjectors for general use..

## Conditions of Travel

To ensure the safety of all passengers on school buses, the following conditions apply at all times.

### **To ensure safe travel on school buses, students must agree to the following:**

- Not to play on the road at the bus stop or try to get on the bus before it has stopped.
- Make sure you and your belongings are inside the bus at all times.
- Not throw anything from a bus window or have anything hanging out a window.
- Place bags and other belongings in the allocated storage areas.
- Get on and off the bus quietly and in an orderly manner.
- Stay in your seat while the bus is moving.
- Not distract drivers with screaming, shouting or unruly behaviour.
- When you get off the bus only cross the road when the bus has left and it is safe to do so.
- No dangerous or flammable goods are allowed on the bus, for example aerosol cans.
- Travel on the bus service allocated to you, to and from your approved bus stop only. Do not change to one that will take you to a sports or social event.
- Wear a seat belt where fitted.

### **To ensure students are considerate to one another and their bus driver, they must agree to:**

- In the morning, arrive at the bus stop 10 minutes prior to departure.
- Not eat, drink or smoke while on the school bus.
- In the morning, let the school and driver know if you will not be travelling home on the bus that day.
- Use a standard conversational tone and do not call out to others on board or to passing traffic or people.
- Listen to the bus driver and bus captain. They are responsible for maintaining school bus safety and also have the authority to report any misbehaviour or vandalism.
- Leave your bike in a safe and secure place if riding to the bus stop. Public Transport Victoria and the Department of Education and Early Childhood Development are unable to accept responsibility for the safety of your bike.

Behaving inappropriately on a school bus places the safety and wellbeing of all on board at risk.

### **Non-compliance with any of the above conditions may result in the following:**

- The driver will stop the bus.
- The offender's name and full details of the breach will be recorded.
- The offender will be transported to school or to their normal drop off.
- The breach will be reported to the coordinating principal.
- The coordinating principal will take disciplinary measures in accordance with the guidelines below.
- In rare and exceptional circumstances, and only as a last resort, drivers are authorised to eject passengers from a bus.

### **Following the report of a relevant incident, the coordinating principal may take the disciplinary action below:**

- First offence – verbal warning to student.
- Second offence – written warning to parent/guardian.
- Third offence – one week suspension of student from school bus travel.
- Fourth offence – the student will not be allowed to travel on the school bus for the remainder of the year.

A serious offence that endangers other students, bus staff or property will result in immediate suspension.

### **Responsibilities of parents/guardians**

- Parents/guardians are responsible for transporting their children to and from authorised bus stops and their safety at the bus stop while waiting for the bus.
- It is most important that parents waiting for bus passengers at a roadside bus stop should wait on the same side of the road as the bus to prevent accidents.
- School bus travel is a privilege and not a right and consequences will follow a breach of these conditions. It is understood that bus travel is provided and accepted on these conditions.

#### **I certify that:**

1. All the above details are true and correct.
2. I will notify the principal in writing within 7 days of any change of address or school.
3. I agree to pay the costs of repairs or damage to the bus, or its replacement if totally destroyed, caused by the vandalism or deliberate act of my child(ren).
4. I consent to release this information to Public Transport Victoria (PTV) to assist with planning for transport services.

**I accept the authority of the coordinating principal with regard to student discipline on the school bus service.**

**I agree to abide by the above Conditions of Travel.**

**I understand that if I or my child(ren) do not comply with the Conditions of Travel, it may result in my child(ren) not being permitted to travel on the school bus service.**
